

# EVENT CATALOGUE

WHY YOU SHOULD ADVERTISE

Advertising in the CPDe catalogue would **maximise your exposure** as each visitor / conference delegate and industry professional will receive a catalogue!

It is also used as a reference guide well after the event has finished, therefore **increasing your chance of being seen and contacted all year round.**

It will **inform visitors** of your stand area and the products and services on display.

**Advertising is a fantastic way of promoting your company even if not attending or displaying!**
